

black bared trees

black bared trees in fog
haze is in the air
it's cold and I'm alone
and far away from home!
the taste of moisture
a new season is born
entrance of darkness
the smell of death and birth!
late leaves touch the ground
another age is near
see these black bared trees
lighted up by a shinin' moon!
the taste...
another age is near predetermined transformation!
I'm lying down on the ground I close my eyes
I can hear the wind blow
through the branches of decayed wood
heartbeat gets faster and faster blood's pressure seems to mount
sweat is running down my brow cold hands formed to a clench
my body begins to tremble head seems, seems to burst
I can feel god's nearness I can feel one season die...
another age is near
predetermined transformation!

stop me suffering

i'm fed up with pain
and I'm looking for a light
i've already cried so many times
where's honesty and confidence?
and confidence?
and confidence?
stop me suffering, I've already cried too many times
stop me suffering, I've already cried too many times
only disappointment and raped hearts
please show me the way to find love
is there anybody who will stop me, stop me, stop me suffering
stop that rain of tears and confidence
and confidence?
and confidence?
stop me suffering, I've already cried too many times
stop me suffering, I've already cried too many times
please stop punishment and failure of humanity
is there anybody who will stop me, stop me, stop me suffering
stop punishment!!!

a child is born

a child is born
among guns and grenades
only soiled air to breathe
everything is cold – no hope (at all)
birth between corpses and skulls
there's smoke and fire everywhere
blood – and breath of death
a child is born
between ruins of structures
it's alone – his mother is dead
it is crying.....
a child is born
seein' the daylight for only one minute
it is laughing about mankind
saying no – and with a smile – it is dying again.....
oh no - no – with a smile –I'm dying – I'm dying again...

[ohnmacht]

plötzlich ist er besinnungslos
ohne jede wunde
eine fremde macht erlangt gewalt
sie erlangt gewalt über seinen körper
diese fremde macht, sie erlangt gewalt
sie erlangt gewalt über seinen körper
er kann... er kann sie nicht... er kann sie nicht beeinflussen
auf einmal ist sie da!
die zeit scheint still zu stehen
alles ging - ging so schnell
die menschen um ihn herum
sie haben den tod im gesicht
die welt um ihn - um ihn herum
sie verstummt so schnell wie sie laut wurde
plötzlich ist er besinnungslos
ohne jede wunde
eine fremde macht erlangt gewalt
er ist völlig ohne einfluss
die fremde macht erlangt gewalt
auf einmal ist sie da - ist sie da
ohnmacht!
die fremde macht... erlangt gewalt
die fremde macht... erlangt gewalt
plötzlich ist sie da - ist sie da!!!

it takes a fool to love you

we spent our youth together
in a way that others thought we were one,
stood together as there wouldn't be another one
and in the end of that first
chapter of our life
you chose my best friend's "one"
scared my soul for the second time
haven't you learned something from
"the red roses story?"
I've hoped those days were gone,
I've hoped those days were gone!
I'm the second one
it takes a fool to love you
but now four years are gone
our life and love took separate ways
but meet again right here
I've hoped those days and our love were gone
but you've made a fool of me
it hurts so deep inside to see
to see there is still another one
and I'm the second one
it takes a fool to love you,
and I'm the fool who does
it takes a fool to love you,
and I'm the fool who does
who does...?

uproot tree

i'm tired but cannot sleep
lyin' in bed with open eyes
i'm lookin' into - darkness
thinkin' of better times
i often dream about him
and in my dreams - he's still alive!
i'm wakin' up with a smilin' face
but after seconds I know
it was only a dream! a dream!
sometimes I feel - like an uproot tree
all alone and no way to live anymore!
the only thing that I can do
is lie here and wait for...?
i think that it happened yesterday
it's hard to talk about it
is anybody out there in this world
who can tell me why?!
it has been like a terrible dream, oh my god!
sometimes I feel like an uproot tree
all alone and no way to live anymore!
the only thing that I can do
is lie here and wait for...?
in those days I didn't know anything about my luck
i kicked it with my feet
but now I think it would be better
if it happened to me...
if it happened to me...
